Please find below and/or attached an Office communication concerning this application or proceeding.

Response to Amendment

The reply filed on 4/22/05 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicant did not address all of the issues set forth in the office action dated 2/22/05. Specifically, the issue regarding equation (3) found on page 3 of the office action that read as follows, "Furthermore, if equation (3) represents the frictional resistance while the trencher is in a floating state in the air, it is unclear why the liquid specific gravity around the cutter post (γ), or the cutter post volume (V) would be a part of equation (3) since it should not appear to have an effect on the frictional resistance, if the trencher is floating in the air." See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
